Re: Permit Review Status, Cricket Mountain Lime Mine, M/027/006, Millard County, Utah

Dear Mr. Brown:

On April 8, 1996, the Division received Continental Lime, Inc.'s revised plan for the Cricket Mountain Lime. Due to a backlog of other permit reviews, the Division was not able to complete a review of this plan within the usual timeframe. Please accept our apology for the delay and any inconvenience this may cause you.

It is our understanding that the Bureau of Land Management (BLM) will review an Environmental Assessment which shall be completed within 2-3 more weeks. We have initiated our review which should take 30-45 days. We appreciate your patience and understanding in this regard. Please contact me if you have questions or concerns with this proposed review schedule.

Sincerely,

Tom Munson
Senior Reclamation Specialist
